BOUNTIFUL UT 84100

Dear Mr. Holfert:

On April 2, 2004, World Wide Minerals and Fossils (WWMF) submitted a financial guarantee for reclamation of mine sites authorized under case files UTU-075856 (RB claims) and UTU-075879 (Solar Wind claims). The director of WWMF indicated that you are no longer affiliated with that organization. However, the BLM and the Utah Division of Oil, Gas and Mining (UDOGM) still consider you to be the operator for the mines.

If you no longer consider yourself to be the operator of the mines, please sign the enclosed *Transfers of Notice of Intention* and send them to Marlow Cropper at the address at the bottom of this letter. Mr. Cropper should then complete the forms and send them to UDOGM. Also, if the backhoe on the site of the Solar Wind claims belongs to you, we suggest you remove it right away. On June 27, 2003, you were notified that you had 90 days to remove it, or it would be subject to confiscation. On April 14, 2004, a surface compliance inspection of the site revealed it was still on site. The BLM will remove the machine at its earliest convenient opportunity, at which time it will become government property and be disposed of as the agency sees fit.

If you have any questions, please feel free to contact Sheri Wysong at 435-743-3124.

Sincerely,

Glen Nebeker
Acting Field Office Manager
